

Confirmation Questions

Every candidate for Confirmation should, by the time of their reception of the Sacrament, have a good grounding in their understanding of this sacrament and the teaching (or catechesis) of the Church. A child's understanding of the teachings of our faith come first from their parents, and mostly explained through the catechesis received in their formal religion classes. **Included on this website is a list of questions which covers many points of what the Church teaches regarding Sacramental theology. This is a good summary of all that is covered in religion class.**

It is also good practice to have some faith facts committed to memory, or "known by heart."

Our children preparing for Confirmation should commit to memory the following from the list of Confirmation Questions:

Question #1—Definition of a Sacrament

Question #3-- the 7 Sacraments

Question #15-- the 7 Gifts of the Holy Spirit
